

**The Sun Shines Bright in the World
(Somewhere, Everyday)**

By Melinda Carroll

1st Verse

The Sun Shines bright in the world, somewhere, everyday.
The Sun Shines bright in the world, somewhere, everyday.
It may not be in my back yard,
Even though I'm wishing and I'm wishing hard.
I remember the Sun Shines bright in the world, and I know it's on the way.

2nd Verse

Friends make friends in the world somewhere, everyday
Friends make friends in the world somewhere, everyday
When I'm feeling all alone,
Hoping for a friend I could call my own
I remember the Sun Shines bright in the world, and I know they're on the way.

Bridge

Today could be the day the sun comes a shining.
Today could be the day friends come a calling.
Today could be the day everything rolls my way.
Picture all the world brighter and brighter
Picture all the people and their faces smiling
Picture all the love ready for a brand new day

3rd Verse

There's peace and love in the world, somewhere, everyday
There's peace and love in the world, somewhere, everyday
So when I'm scared or feeling sad,
If I just wait, it will surely pass.
I remember the Sun Shines bright in the world, and I know it's on the way.

4th Verse

The Sun Shines bright in the world, somewhere, everyday
The Sun Shines bright in the world, somewhere, everyday
Maybe here the sun don't shine.
That's OK, It'll be just fine,
I remember The Sun Shines bright in the world, and I know it's on the way.
