

Lady Bug

By Melinda Carroll

1. There is a little lady bug who likes to visits me.
From time to time, we'll make a rhyme while we're sipping tea.

Chorus

My little Lady Bug, Lady Bug, tell me where you've been!
My little Lady Bug, Lady Bug, thanks for dropping in!

2. There is a little lady bug who sits upon my shoe.
And when I go to pick her up she always says ahh-choo!
3. There is a little lady bug who sits upon my nose.
And when I go to pick her up she dances on her toes!
4. There is a little lady bug who lays among the flowers.
And when I go to pick her up she smiles for hours and hours!
5. There is a little lady bug who snuggles in my bed.
But I can never wake her up, she's such a sleepyhead!
