

Every Girl, Everywhere

By Melinda Caroll

Intro...

Calling all girls from all over the world!
Calling all girls from all over the world!
Calling all girls from all over the world!

1st Verse

Every day, there's a world outside my door,
Calling out, telling me to come explore
Everything that I feel so deep inside,
All my dreams that are waiting to take flight!
And I know I'm not alone 'cause when I look around, I see...

Chorus

Every Girl, Everywhere!
We gotta lot of love, got a lotta dreams to share!
And this world, needs a girl!
Every Girl, Everywhere!

2nd Verse

What's your name? What's it like where you come from?
You and I, we could share a special bond!
We could be, anything we'd like to be!
Look around, all the possibilities!
'Cause we've got the voice and we've got the power to speak out to the world! ...(Chorus)

BRIDGE

Calling all girls from all over the world!
Calling all girls from all over the world!
Calling all girls from all over the world!
Calling all girls from all over the world!

3rd Verse

Reaching out to our Sisters Growing Strong!
We're about to begin a brand new song!
Hand in Hand as we let our voices soar,
You and me and together we are more!
When you lift me up, I lift you up, for all the world to see! ...(Chorus)
