

My Good Dog

By Melinda Carroll

1st Verse

Every morning I wake up,
He's always by my side.
And after breakfast we go outdoors
Or we might go for a ride,
With his head hanging out the window,
And his tongue flapping in the wind.
Well he may not win any big Dog Show,
But he's my best friend!

Chorus

My Good Dog, My Good Dog
If you think this song is true,
I bet you got a good dog, too!

2nd Verse

Well he likes to go for long walks,
And he loves sleeping in the sun.
We often have some long talks,
And cuddle when our work is done.
He makes me want to laugh and play
And run with him all day long.
He's the happiest person that I've ever met,
He just wants to have fun!

Chorus

3rd Verse

He looks up to me to lead him
And teach him how he's supposed to behave.
And it's my job to feed him,
Make sure everything's OK.
And in return he makes me smile,
And he makes our house a home.
Well he loves me so, and he lets me know.
That I'll never be alone!

Chorus
