

Juliette (Vol. 1)

by Melinda Carroll

(A lullaby tribute to Juliette Gordon Low,
founder of Girl Scouts of the United States of America in 1912)

Chorus

Juliette of the vesper plains,
Every Girl Scout knows your name.
Your light shines through the shadows of the cold dark night.
Juliette, our guiding star,
Shining down from where you are
For every girl who follows on the star dust of your dreams.

3rd chorus end tag;

(We'll shine our light and follow on the star dust of your dreams)

1st Verse

The sky is full of stars tonight,
A million billion twinkling lights.
There is a special one
Shining round the world,
With a love that she left to remind every girl.

2nd Verse

She was a dreamer brave and free;
A little ship, a great big sea.
She sailed to light the way,
The journey we've begun;
And someday may our lights shine together as one.
